Set in an eerie future, The Great Recession has arrived. As worldwide starvation and economic doom prevail, so does Damien who relentlessly continues his sinister plot to control the world.

Damien's evil power reaches out across the Atlantic when he's appointed ambassador to England. With an ominous band of satanic supporters behind him, its only his first stop on a political path he plans to culminate as President of the United States. But first, he enters upon a manic hunt for his arch-nemesis (God) an wreaks havoc all along the way.

A disturbing and shocking exploration of evil, the prophesy of Armageddon sets this film, and Earth, on fire.
