Bobby Donnell is the head of a struggling Boston law firm that seems to constantly struggle with ethical themes while defending murderers, rapists, and other criminals. Much like CSI and other crime investigation shows are the "big thing" on TV now, lawyer shows like The Practice were the big thing in the late '90s and early '00s. While I love lawyer shows, when The Practice first came on television 10 years ago I did not pay attention and never really got hooked on it.
