Set against the backdrop of the early 1960s period of the Cold War, the film centers on U.N.C.L.E. (United Network Command for Law and Enforcement[4]) agents Napoleon Solo and Illya Kuryakin. The two team up on a joint mission to stop a mysterious international criminal organization led by Victoria Vinciguerra, which is bent on destabilizing the fragile balance of power through the proliferation of nuclear weapons and technology. The duo's only lead is Gaby Teller, the daughter of a vanished German scientist, who is the key to infiltrating the criminal organization, and they must race against time utilizing her connections and prevent a worldwide catastrophe.
