Paul Thomas Anderson's *The Master* stars Joaquin Phoenix as a psychologically damaged war veteran who finds himself working for Lancaster Dodd (Philip Seymour Hoffman), a charismatic figure building his own religion. As the alcoholic, self-destructive former soldier becomes more deeply involved with the leader of this cult-like organization, his natural instincts keep him from embracing his new position as strongly as others in the group would hope. *The Master* screened at the 2012 Toronto International Film Festival.
