Salem DJ, Heidi, is finally starting to get her footing again after getting clean. She has a nice apartment, a good job, her dog Steve, and a few close co-workers that look out for her. Then one day at work an odd box shows up addressed to her, containing within a strange record labeled only with the name The Lords. From the moment Heidi takes her first listen strange things being happening in her life, odd dreams that turn to violent nightmares, feeling as if people are watching her, weird encounters with people, and the news of various murders happening throughout her city. Sleep deprived and scared Heidi is unsure what is real and what isn't any more, and by the time she puts together what is happening it might just be too late.
