The first installment of "The Darkness" was released on home videogame consoles and the PC in 2007. With everything pretty much new and revamped, the game's sequel, "The Darkness 2" has just been released and was developed by Digital Extremes instead of Starbreeze Studios. The story takes place two years after Jackie Estacado killed his Uncle Paulie. He now has control of the Franchetti crime family and "The Darkness" that is deep inside him. Everything seems fine until a mysterious group, known as "The Brotherhood," start causing problems for Jackie, his friends and family, and 'The Darkness.'
