David Boreanaz (Angel, Buffy the Vampire Slayer) stars as F.B.I. Agent Seeley Booth, who teams up with forensic anthropologist Dr. Temperance "Bones" Brennan (Emily Deschanel) to solve some of the most baffling and bizarre crimes ever. Booth depends on clues from the living, witnesses and suspects, while Brennan gathers evidence from the dead, relying on her uncanny ability to read clues left behind in the bones of the victims. Their different investigative styles cause the two to frequently clash, creating an undeniable chemistry and just the right touch of dark humor. Inspired by real-life forensic anthropologist Kathy Reichs and state-of-the-art criminal investigation procedures, Bones is a compelling, cutting edge television.
