Having earned widespread acclaim with their 2009 debut album, *Aim & Ignite*, fun. decided to raise the stakes with this album, their first on Fueled By Ramen, by teaming with noted producer Jeff Bhasker (Kanye West, Jay-Z, Alicia Keys, Beyoncé, Drake).

The first single from *Some Nights*, "We Are Young (Feat. Janelle Monáe)," has generated quite a buzz, hitting the top 3 on The Hype Machine music blog aggregator in its first week of release, not to mention the top 5 on iTunes' "Top Alternative Songs" sales ranking. What's more, "We Are Young" has received major airplay from KCRW's influential Morning Becomes Eclectic, while USA Today applauded the "baroque indie-popsters" for "(making) a counterintuitive play for the big time, slowing down for the massive singalong chorus."
