Marty Weaver (Lenny Venito) just wants the best for his wife Debbie (Jami Gertz) and their three kids. That's why he's moving them to Hidden Hills, New Jersey, a gated community complete with its own golf course. Marty is certain that their new home will be a dream come true. And then they meet the neighbors. After Debbie and Marty frantically try to make sense of the weird neighbors (Very European? A cult? Amish athletes?), they discover that the entire Hidden Hills community is comprised of aliens from the planet Zabvron, and turns out the Zabvronians have been holed up in Hidden Hills for the past 10 years awaiting instructions from back home. And the Weavers are the

first humans who have ever lived amongst them.
