Eren Jaeger vowed to rid mankind of the bloodthirsty giants who devoured his mother and destroyed his city. Now, after discovering that he has the ability to turn into a Titan, the world Eren promised to protect looks at him like he is the monster.

Narrowly avoiding execution, Eren's fate is entrusted to the Scout Regiment where he must prove capable of following orders. But on an expedition outside the wall, a unique female Titan appears and cuts through the Scouts, leaving a trail of carnage and splintered bones behind her and making it difficult for Eren to control his rage. As it becomes obvious that a traitor is sabotaging the Regiment from within, Eren must ask himself who humanity's true enemy really is. Bloody revelations await beyond the wall in this jaw-dropping series io9.com calls "Japan's equivalent of The Walking Dead."

Comes with the following extras: Episode 14 & 25 Commentaries, Attack on Titan at Anime Expo, "Chibi Theatre: Fly, Cadets, Fly!" Days 14-25, Eyecatch Gallery, Textless Songs, and more!
