**Runner-Up:**

Award-winning songwriter/producer, Chris Keup, owner of White Star Sound, who has collaborated with artists on Warner Bros., Universal, Atlantic, Virgin, and many others, wrote a song called "Family" for the Novogratz Brothers. The brothers recorded the song at L.A.'s renowned Village Studios, where iconic albums such as Carol King's Tapestry and Steely Dan's Aja were recorded. The song has been picked up by Old Navy, and the boys are excited to be able to contribute their talents to help make the Novogratz for Old Navy line successful.

The song features Breaker, the second oldest boy in the Novogratz family. Breaker Novogratz and his family just relocated to L.A. from New York, and he is loving the change. Breaker is in the 8th Grade at New Roads School in Santa Monica, CA, where he is involved in his school's theater program. In addition to acting, Breaker has a passion for dancing and playing music-he sings and plays several instruments. Breaker just signed with the Men's Division at Click Model Management, and he loves to surf and skateboard in his free time.
