

Resident Evil 7

(Capcom)

M (Mature)

Ship Date: Tuesday, January 24, 2017

Genre: [Action/Adventure](#) [1],

[Horror](#) [2]

Platform(s): [Personal Computer \(PC\)](#) [3],

[PS4](#) [4],

[Xbox One](#) [5]

[Official Website](#) [6]

Resident Evil 7 sets a new course for the Resident Evil series as it leverages its roots and opens the door to a truly terrifying horror experience. A dramatic new shift for the series to first person view in a photorealistic style powered by Capcom's new RE Engine, Resident Evil 7 delivers an unprecedented level of immersion that brings the thrilling horror up close and personal.

Resident Evil 7 is scheduled for release on PlayStation®4 computer entertainment system (the full gameplay experience will also be available via the included PlayStationVR Mode), Xbox One and Windows PC (Steam and Windows 10 Store) across North America and Europe on January 24, 2017.
