SDCC 2017 Links to videos of Trailers, Toys, and Panels

01:32 pm EDT 7/26/2017 by [Lee Roberts](#) [1]

Alright, so here in this blog I'm going to make it short and straight to the point. Here are the links to the videos for trailers and panels or anything else that I can find that is from SDCC.

DISCLAIMER IMPORTANT NOTE, call it what you will, but I want you fateful reader to know that these are videos that were taken by others that went to the convention and not me. I found these links on youtube as you can see and all the credit for the videos go to the person(s) and/or shooters of it and not me. Also note, some of the panels will be of screens and not of the table itself but is still the panel. Another note, some might not have the full panel, if not sorry but I'm trying to find the best I can on youtube. Thank you all for shooting and sharing the panels.

Now for the movie trailers. I was going to go through and post all the individual links to each trailer but discovered 2 things.

- 1) There were a whole lot of trailers shown at SDCC and it would take me a long time to post each link.
- 2) Thanks to New Trailer Buzz on youtube, they already did all the hard work and put every trailer on 3 easy to watch video clips. If you want to know the trailers they have them listed in the notes but to help you find the trailer you want I also posted with each link so you can choose which one to watch if you don't want to watch them all.
