Five years after the events of Mamma Mia!, on the Greek island of Kalokairi, Sophie (Amanda Seyfried) is pregnant with Sky's (Dominic Cooper) child while running her mother, Donna's (Meryl Streep) villa, who has passed a year prior to the events of the film. Her relationship with Sky has been turbulent for some time, giving her cause to doubt that she can survive without her mother. With Tanya (Christine Baranski) and Rosie's (Julie Walters) guidance, Sophie will find out more of Donna's past, including how she fronted The Dynamos, started her villa on the island from nothing,

met each one of Sophie's dads, Sam, Bill and Harry (Pierce Brosnan, Stellan Skarsgård, and Colin Firth), and raised a daughter, without a mother to guide her. She also has an unexpected visit from someone she has never even met: her estranged maternal grandmother, Ruby Sheridan (Cher).
