For a long time, Natalie, an Australian architect living in New York City, had always believed that what she had seen in rom-coms is all fantasy. But after thwarting a mugger at a subway station only to be knocked out while fleeing, Natalie wakes up and discovers that she is self-aware of her existence in a "PG-13 Universe" and must escape every cliché in order to finally fall in love and achieve the happily ever after that will bring her back to reality.
