R

Based on the book "What Just Happened? Bitter Hollywood Tales from the Front Line", What Just Happened starring Robert DeNiro, Robin Wright Penn, Sean Penn, Bruce Willis, and a slew of other actors and actresses is star studded but a dud of a film. Since the material is from a Hollywood insider who is trying to make a satirical statement about the way things are run in Hollywood its safe to assume that 99% of every joke involved is an inside one.
