Running Time: 105 min.

[Official Website](#) [10]

PG

Music is something that keeps us all sane. It allows 3 minutes and 25 seconds to last a lifetime an album to become a precious artifact for some listeners. Some people even associate music with memories to properly remember a moment with the soundtrack it was originally accompanied with. We all do it, even if we aren't aware. And no one was more aware of it than Gabriel Sawyer.
