A secret order of priest that still battle demons and seek all knowledge, fight to stay a secret. Heath Ledger does a wonderful job yet that's not enough to make this movie. The story seems to be missing something. The beginning is very slow and then flies to get to the end. It is a very pretty dark gothic film until the effects are used. Movies are just having a hard time with effects lately. This movie doesn't have anything that will make a mark on the world. That's a shame to because the basic story is very original and Heath Ledger gives it his all.
