Comment

TRON! Dammit. My wife also yelled at me for not having Return of the Jedi but I was never big into Star Wars, though that would also be cool.

It just seems like everyone was already praising it

Comment

as the best and most original horror movie ever made before they even saw it and then it came out and they kept saying that. To me, it was just overblown, scattered and missed the mark.

hi

I don't know why they returned the series to Bryan Singer when Vaughn knocked it out of the park, reinventing it without rebooting it. I'm not impressed with 70% of Singer's work.

Agree with you until you got to Transformers. The sequels, sure, but the first one was exactly what it should have been
